## CURRICULUM VITAE TANTARDINI RICCARDO

### PERSONAL INFORMATIONS:

Surname/ Name: Tantardini Riccardo  
Address: Via S. Antonio, 23 - 23815 Introbio (LC) - Italy  
Mobile: +39 346 4012252  
E-mail address: tantardini.riccardo@virgilio.it  
Skype address: tantardini.riccardo  
Nationality: Italian  
Birth Day: 12/10/1979  
Sex: Male

---

### SCHOOLING - QUALIFICATIONS :

Study qualification: Electro-technical secondary school  
I.T.I.S. A. Badoni In Lecco (Italy) / Results: 50/60.  
Qualification year : 1998.  
Spoken Languages: English (written/spoken). Mainly learned during works.  
Spanish (modestly spoken). Learned during works.

---

### PROFESSIONAL EXPERIENCE - STAGE:

Date: 06/1997 → 09/1997  
Experience and job: School Stage into electro-technical factory for electrical panel production.  
Main Job: Mechanical mounting of electrical panel.  
Factory Name: Tentori Enzo & C. srl, Via Rio Torto17 - 23868 Valmadrera (LC).  
www.tentori.com  
Factory Activities: Industrial Electro-technical and Electronic equipment

---

Date: 07/1998 → 12/1998  
Experience and job: Electro-technical panel design.  
Main Job: Mechanical mounting of electrical panel.  
Electrical panel wirings  
Electrical CAD drawings  
Factory Name: Tentori Enzo & C. srl, Via Rio Torto17 - 23868 Valmadrera (LC).  
www.tentori.com  
Factory Activities: Industrial Electro-technical and Electronic equipment

---

Date: 12/1998 → 10/1999  
Experience and job: National Military service.

---

**TANTARDINI RICCARDO - Electrotechnical Assistance**  
Via SAN ANTONIO,23 - 23815 INTROBIO (LC) - ITALY  
Mobile: +39 346 4012252 Skype: tantardini.riccardo  
E-mail: tantardini.riccardo@virgilio.it  
F.C. : TNTRCR79R12E507Y - V.A.T.: 03625600139

Date: 10/1999 → 01/2016.  
Experience and job: Commissioning. Client technical assistance.  
After sale assistance - Technical training  
Electrical panel test before shipping.

Main Job:

- **Commissioning activities (client site commissioning)** of electro-technical panel especially for lifting plants (portual Jib cranes, Ship to Shore Container cranes, RTG / RMG cranes, charging and teeming cranes for steel complex, various cranes manual and semi-automatic, etc.). Good knowledge of control systems and ability to read electrical /Hydraulic drawings.  
Work site till now: Italy, Europe, Russia, Middle east, Kazakhstan, North Africa, Mauritius, South America.
- **Electrical panel test before shipping** (with or without client presence)
- **Mounting and installing of electrical panel on client site** with capacity of technical management on site
- **Electrical panels wiring**
- **Good knowledge of analog logic based control systems** (starters, stator voltage regulators for wound rotor motors, type Statovar / Rego or similar)
- **Good knowledge of digital logic based control systems as inverter** with regenerative unit or braking chopper (of different "brands": Siemens, Schneider, Rockwell, ABB, Yaskawa, Sew, Vacon, Santerno, Etc)
- **Good knowledge of analog or digital based control systems for DC motors control** (of different "brands": Siemens, Schneider, SEI Peterlongo, Etc)
- **Good knowledge of electromechanical logic** with capability of changing executions on electrical wirings
- **Good knowledge of PLC system** (especially Siemens Step7), with capability of running changes on existing programs as per site requests. Modification on PLC programs normally made on site independently.
- **Client Training** on site (regarding above points).

Factory Name: Tentori Enzo & C. srl, Via Rio Torto17 - 23868 Valmadrera (LC).  
www.tentori.com  
Factory Activities: Industrial Electro-technical and Electronic equipment

**TANTARDINI RICCARDO - Electrotechnical Assistance**

Via SAN ANTONIO,23 - 23815 INTROBIO (LC) - ITALY

Mobile: +39 346 4012252 Skype: tantardini.riccardo

E-mail: tantardini.riccardo@virgilio.it

F.C. : TNTRCR79R12E507Y - V.A.T.: 03625600139

Date: 02/2016 → now.  
Experience and job: Commissioning. Client technical assistance.  
After sale assistance - Technical training  
Electrical panel test before shipping.

**Main Job:**

- **Commissioning activities (client site commissioning)** of electro-technical panel especially for lifting and handling plants (portual Jib cranes, Ship to Shore Container cranes, RTG / RMG cranes, charging and teeming cranes for steel complex, various cranes manual and semi-automatic, Rpeways etc.). Good knowledge of control systems and ability to read electrical /Hydraulic drawings.  
Work site till now: Italy, Europe, Russia, Middle east, Kazakhstan, North Africa, Mauritius, South America, Korea, Indonesia, etc.  
**Actually I manage also other type of plants** (not only "handling plants")
- **Electrical panel test before shipping** (with or without client presence)
- **Mounting and installing of electrical panel on client site** with capacity of technical management on site
- **Electrical panels wiring**
- **Good knowledge of analog logic based control systems** (starters, stator voltage regulators for wound rotor motors, type Statovar / Rego or similar)
- **Good knowledge of digital logic based control systems as inverter** with regenerative unit or braking chopper (of different "brands": Siemens, Schneider, Rockwell, ABB, Yaskawa, Sew, Vacon, Santerno, Etc)
- **Good knowledge of analog or digital based control systems for DC motors control** (of different "brands": ABB, Siemens, Schneider, SEI Peterlongo, Etc.)
- **Good knowledge of electromechanical logic** with capability of changing executions on electrical wirings
- **Discrete knowledge of PLC system** (especially Siemens Step7), with capability of running changes on existing programs as per site requests.
- **Client Training** on site (regarding above points).

Factory Name: Tantardini Riccardo (free lance)  
tantardini.riccardo@virgilio.it  
+39 346 4012252  
Main Activities: Electro technical Assistance - Motion Power

---

**NOTE: AVAILABLE TO DISCUSS ANY KIND OF INTERVENTION WORLDWIDE.**

Discover new reality, discuss new activities and opportunities makes me "enthusiast". In continuous search of both, professional and human growth (i think that the two things must be growth together)

At customer's service I put my twenty years experience on site activities.
